GenesisDisplay Mannequins Making an Impact

Fantastic new mannequin ranges exclusive to mei + picchi

Leading edge GenesisDisplay mannequins debuted at EuroShop 2011 in Dusseldorf, Germany and are now available at mei + picchi. GenesisDisplay is built on more than twenty years of experience, and is exclusive to mei + picchi. GenesisDisplay mannequins combine quality and innovation, and embody the latest European trends.

GenesisDisplay mannequins are produced using the latest innovations to make the mannequins lighter and easier to handle, as well as more environmentally friendly through the use of certified organic resin and non-toxic paints. User-friendly design is combined with current, on trend European style.

The full GenesisDisplay ranges include kids, youth, abstract and plus size styles, with a fantastic selection of both male and female mannequins and a variety of wigs. The Allure range of female mannequins is one of the new releases and is a deliberate reaction to the emerging trend in the fashion world increasingly moving towards naturalistic forms. Allure offers elegant and even flirtatiously provocative poses, with extraordinary attention to detail, elaborate make-ups and dramatic effect of the figures.

Access to thousands more styles and custom design is also one of GenesisDisplay and mei + picchi's capabilities. mei + picchi can help you find the right mannequin to suit your individual style.
